Scheduled Review Date:	02/17/2025

I. NONDISCRIMINATION POLICY

As a recipient of Federal financial assistance, Capitol Dental Care (CDC) does not exclude, deny benefits to, or otherwise discriminate against any person on the basis of sex, sexual orientation, gender identity, marital status, race, color, national origin, disability, religion, or age in admission to, participation in, or receipt of the services and benefits under any of its programs and activities, whether carried out by CDC directly or through its network of providers or any other entity which arranges to carry out its programs and activities. Members under 18, both male and female, have equal access to appropriate facilities, services, and treatments.

CDC will not deny the provision of health care services to an individual because the individual is unable to pay for health care services, or because payment for those services would be made under Medicare, Medicaid, or the Children's Health Insurance Program (CHIP).

CDC's nondiscrimination policy shall be prominently displayed in participating CDC providers' common areas and on CDC's website.

CDC is compliant with ACA section 1557 and includes all necessary language in its communications to its members. CDC adheres to ACA requirements as to scope and content of this language, utilizing either short-form language (communications of 2 pages or less) or the long-form complete disclosure of the law, where member correspondence exceeds the 2-page limit.

CDC contracted providers will not offer hours or schedule members in any fashion that is less than those hours and scheduling opportunities available to non-members.

In its credentialing process, CDC does not discriminate against providers based on age, sex, race, ethnicity, family, religion, or sexual orientation. It will not select or reject prospective providers based on patient profiles, i.e., high or low patient utilization of services. It will also not discriminate in its credentialing process based on the location of a provider, except that it may limit the number of providers within a region as a result of its access and capacity limitations.

CDC takes its commitment to public health dentistry very seriously. It does not incentivize its providers to deny, limit, or discontinue medically necessary care as part of any business model. Any performance incentives are based on quality of care delivered rather than the exclusion or limitation of certain treatments or services.

This statement is in accordance with the provisions of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and Regulations of the U.S. Department of Health and Human Services issued pursuant to these statutes at Title 45 Code of Federal Regulations Parts 80, 84, and 91.

II. *HOW AND WHERE TO REPORT DISCRIMINATION AND WHO TO CONTACT*

If a Member feels as though they have been treated unfairly, following are the names and contact information for each entity who can help.
